

Believe to Achieve! "Roots will grow down into God's love and keep us strong" EPH 3:17

Curriculum Statement for PE

At Brinkworth Earl Danby's we aim to provide a secure, happy and stimulating learning environment in which EVERYONE is valued, spiritual growth is nurtured and potential maximised.

We believe as a community that each child can reach their vocational potential. We believe each child is of unique worth made in the image of God. We believe in each child being the best that they can be and finding their place in the world.

We believe in

- A child's potential
- Being part of a community
- Being the best you can be

Our Christian values of friendship, trust, respect, courage, perseverance, and thankfulness help us build a firm foundation, enabling us to grow into strong people building a better world.

Intent

At Brinkworth Earl Danby's the intent of teaching Physical Education is to give children the tools and understanding required to make a positive impact in their own physical health and well-being. We want all children to experience a wide variety of sports and physical skills, which will enhance life-long fitness and life choices. PE can challenge and promote self-esteem through the development of physical confidence and problem solving. It can teach children to cope with both success and failure in competitive, individual and team based physical activities.

Implementation

PE is taught by a combination of class teachers, PE specialists and qualified sports coaches. Children have equal opportunities to take part in a range of sports and physical activities within a supportive environment where effort as well as success is recognised. Children are encouraged to participate in exercise throughout the day during PE lessons, clubs, outdoor learning, lunch provision and special events. At Brinkworth Earl Danby's the PE curriculum is structured to provide a range of sports experiences during which every child participates to develop their skills and learning through competitive, team and individual sports. Through our provision, children can aim to flourish at sports in which they have a particular interest or flair. Children with additional needs are provided with appropriate support to enable them to take part and gain confidence in skills, understanding and motivation. We teach the National Curriculum, supported by a clear skills and knowledge progression. This ensures that skills and knowledge are built on year-by-year and sequenced appropriately to maximise learning for all children. Children gain experience of a variety of fundamental skills. This has a focus on agility, balance, coordination and fitness. Children take part in individual skills, group skills and team games, using PE equipment appropriate for their age. During KS2, children will have a series of structured swimming sessions

Implementation in the EYFS

Physical development - involves providing opportunities for young children to be active and interactive; and to develop their co-ordination, control, and movement. Children must also be helped to understand the importance of physical activity, and to make healthy choices in relation to food.

Moving and handling: children show good control and co-ordination in large and small movements. They move confidently in a range of ways, safely negotiating space. They handle equipment and tools effectively.

Health and self-care: children know the importance for good health of physical exercise, and a healthy diet, and talk about ways to keep healthy and safe.

Impact

The ability to acquire new knowledge and skills exceptionally well and develop an in-depth understanding of PE.

- The willingness to practise skills in a wide range of different activities and situations, alone, in small groups and in teams and to apply these skills in chosen activities to achieve exceptionally high levels of performance.
- High levels of physical fitness.
- A healthy lifestyle, achieved by eating sensibly, avoiding smoking, drugs and alcohol and exercising regularly.
- The ability to remain physically active for sustained periods of time and an understanding of the importance of this in promoting long-term health and well-being.
- The ability to take the initiative and become excellent young leaders, organising and officiating, and evaluating what needs to be done to improve, and motivating and instilling excellent sporting attitudes in others.
- Exceptional levels of originality, imagination and creativity in their techniques, tactics and choreography, knowledge of how to improve their own and others' performance and the ability to work independently for extended periods without the need of guidance or support.
- A keen interest in PE. A willingness to participate eagerly in every lesson, highly positive attitudes and the ability to make informed choices about engaging fully in extra-curricular sport.
- The ability to swim at least 25 metres before the end of Year 6 and knowledge of how to remain safe in and around water.
