Dear Parent(s)/Carer(s)

Amazing Opportunity!

You may not be aware of the current trends in the teaching of primary school maths. You may not know what the 'Mastery Approach' means or even heard of 'Singapore Maths' but the way we plan and deliver the maths curriculum is changing. To lay the foundations for this change, the school feels that it is really important to keep you informed.

So, with great excitement, it is our pleasure to announce that this year's Brinkworth Earl Danby's Maths workshops will take place on **Tuesday 3rd March starting at 6.30 pm**. The evening will focus on place value and times tables – the fundamental building blocks to mathematics and the key to completing calculations. The evening is going to be informative and relaxed. We will be covering concepts from the Early Years Foundation Stage through to the End of Key Stage 2, with lots of help and advice on how to support your children as they develop their knowledge and understanding in these areas.

If you would like to take up this wonderful opportunity, please fill in and complete the form below. At the end of the session there will be the opportunity to ask questions about primary maths, that we will try our best to answer. However, if you would like to ask a question in advance please send it in on the slip below or email the office. All questions sent in in advance will be anonymised, so please ask.

Yours sincerely

C Foster
