This car is made in Japan it comes with a comfortable interior.

This £159,963 car is very luxurious this is a Lamborghini Urus in dark red.

The interior is the finest Italian leather. Do you think it is worth the money for the car and the interior? The cool and fun features are: Sport mode, Corsa mode [race mode] and Comfort mode.

This car costs £86,200 it is a very luxurious car. It has got autopilot [self driving] it also stops for people and red lights and cars it also won a race against the Lamborghini Urus here is a picture of the interior.

Look at that isn't it amazing!
That tablet you see even has
arcade games and racing
games here is a picture how
the doors go up.

Tesla didn't put warning mind your head.
