

Good Morning

Happy Monday every one

Another busy week of home schooling. Just be careful the teachers at home are not as nice as the ones in school!

Have a great day and I will see you soon.

Mr Foster

Maths

Today we are looking at multiplying two digit numbers by 4 digit numbers.

Did you know, that year 6 children are expected to use short multiplication by the end of year 6!

Multiply a 4-digit number by a 2-digit number using long multiplication

Using long multiplication, calculate:

$$2314 \times 22$$

$$3214 \times 42$$

$$3123 \times 37$$

$$9478 \times 97$$

Colin thinks that he is correct so far.

$$\begin{array}{r} 4385 \\ \times 42 \\ \hline 8770 \\ 17540 \\ \hline \end{array}$$

Explain why he is incorrect.

Always/ Sometimes/ Never True

The product of a 4-digit number and a 2-digit number is less than 1 million.

Break time!

Remember to have a snack
and a drink.

Why not have a nice piece
of fruit for a snack.

Ask your parents who these
men are.

English

- ▶ WALT: Spellings
- ▶ Learn these spellings - you may need someone to test you. Please put them into sentences and write down their definitions.
- ▶ Draft
- ▶ Draught
- ▶ Guessed
- ▶ Guest
- ▶ Scene
- ▶ Seen
- ▶ Whether
- ▶ Weather
- ▶ Cereal
- ▶ Serial

Lunchtime

- ▶ Congratulations you have earned your lunch today
- ▶ Why not treat yourself to home made pizza

Reading Time

- ▶ Lesson overview: **To make comparisons between two songs**
- ▶ Read a book! Reading expands the mind and increases ones knowledge of the world we inhabit. Choose a good book, find a comfy place and enjoy.

Art

Conkers are one of the wonders of the natural world. If you have access to one great, if you can go on a walk to find one - even better, if not use the internet to find one.

Your task is to sketch a conker using a normal pencil. You will have to use shading to recreate the smooth glossy finish of the conker
