DT

Make a poster for children explaining what they need in order to be healthy.

Geography

Using the template provided, create a mind map listing all the things you know or can find out about your local area.

Maths

Complete the enclosed Word Problems
Workout involving addition and geometry. A sheet of squared paper is included for working out.

English

Find and learn your favourite riddle to perform in front of the class.

French

Using your knowledge of French numbers and colours, complete the enclosed colour-by-numbers activity sheet.

Science

Using the sheet provided, find the listed everyday objects around your home. For each object, write what material it is made from, and one property of that material which makes it suitable for this object. Key vocabulary is also included to help you.

PSHE

Like the colours that make up a rainbow, we are all unique and different in our own special ways.
Using the sheet provided, complete the poster to show how you show respect, how you grow and why you are special.

PE

Create and practise a dance routine to perform in front of the class.
Pretend to collect wood to make a bonfire and then dance around it with a floating movement like a flame.
