Key Stage 1 SAT Report 2016

This is the first year that the Y2 children have been tested against the new, more challenging National Curriculum which was introduced in 2014, therefore data for 2016 cannot be compared to KS1 data from previous years. This cohort of children has had two years of being taught this new curriculum. Results from the tests were converted to scaled scores. The scaled scores at KS1 range from 85 to 115 with 100 as the expected standard.

The children took new, more rigorous tests in Reading and Maths and also in Grammar, Spelling and Punctuation, although these were optional this year. The class teacher then used the scores from these tests, as well as her knowledge of the children over time, to give a 'Teacher Assessment'.
